

1. Appendix: August 2026 Branch Quality Targets

Official August 2026 Branch Quality Targets & Regional SLA Commitments

PURPOSE & APPENDIX REFERENCE: Quality KPIs assigned to 25 provincial branches for August 2026. First Mile, Last Mile (10h SLA), On-time Pickup (98%), 1st Update On-time Delivery, Monthly Total Success (95%+), Mega Handover (1%), and 3-Day Pending (4%).

N o.	Code	Branch Name	Zone	First Mile (h)	Last Mile (h)	Ontime Pickup (%)	1st Update Ontime (%)	Total Success Month (%)	Pending Mega (%)	Pending 3 Day (%)
-	TCT	Total Corporation	Overall	4.42	10.00	98.00%	90.00%	95.04%	1.00%	4.00%
1	KAN	Kandal	Zone 1	4.00	10.00	98.00%	90.00%	95.00%	1.00%	4.00%
2	PNP	Phnom Penh	Zone 1	3.00	10.00	98.00%	90.00%	96.00%	1.00%	4.00%
3	PRE	Prey Veng	Zone 1	4.50	10.00	98.00%	90.00%	95.00%	1.00%	4.00%
4	SVA	Svay Rieng	Zone 1	4.50	10.00	98.00%	90.00%	95.00%	1.00%	4.00%
5	SPE	Kampong Speu	Zone 2	4.50	10.00	98.00%	85.00%	95.00%	1.00%	4.00%
6	KAM	Kampot	Zone 2	4.50	10.00	98.00%	85.00%	95.00%	1.00%	4.00%
7	KEP	Kep	Zone 2	4.50	10.00	98.00%	85.00%	95.00%	1.00%	4.00%
8	KOH	Koh Kong	Zone 2	4.50	10.00	98.00%	85.00%	95.00%	1.00%	4.00%
9	SIH	Preah Sihanouk	Zone 2	4.50	10.00	98.00%	85.00%	95.00%	1.00%	4.00%
10	TAK	Takéo	Zone 2	4.50	10.00	98.00%	85.00%	95.00%	1.00%	4.00%
11	BAN	Banteay Meanchey	Zone 3	4.50	10.00	98.00%	80.00%	95.00%	1.00%	4.00%
12	BAT	Battambang	Zone 3	4.50	10.00	98.00%	80.00%	95.00%	1.00%	4.00%
13	CHH	Kampong Chhnang	Zone 3	4.50	10.00	98.00%	85.00%	95.00%	1.00%	4.00%
14	PAI	Pailin	Zone 3	4.50	10.00	98.00%	70.00%	95.00%	1.00%	4.00%
15	PUR	Pursat	Zone 3	4.50	10.00	98.00%	85.00%	95.00%	1.00%	4.00%
16	THO	Kampong Thom	Zone 4	4.50	10.00	98.00%	85.00%	95.00%	1.00%	4.00%
17	ODD	Oddar Meanchey	Zone 4	4.50	10.00	98.00%	70.00%	95.00%	1.00%	4.00%

24	STU	Stung Treng	Zone 5	4.50	10.00	98.00%	70.00%	95.00%	1.00%	4.00%
25	TBO	Tbong Khmum	Zone 5	4.50	10.00	98.00%	85.00%	95.00%	1.00%	4.00%

2. Simple Guide for 3 Core KPIs

Everyday Operational Logic for 1st Pickup, 1st Update Delivery & Total Success

KPI Name & Web Portal Report	Goal SLA	Simple Operational Meaning	Simple Calculation Formula
1st Pickup KPI /bao-cai-kpi-thu (Receiving KPI Report)	98.00% (3h PNP, 4h KAN, 4.5h Prov)	Customer creates order -> Courier picks up package within SLA time.	Pickup Rate = (On-Time Pickups / Total Orders) * 100%
1st Update Delivery KPI /bao-cai-kpi-phat (Delivery KPI Report)	90.00% / 85.00% (10-Hour SLA)	Package arrives at branch (Status 306) -> Assign driver (Status 400/401) within 10 Hours.	1st Update Rate = (Orders Updated in 10h / Total Branch Orders) * 100%
Total Monthly Success KPI /doanh-thu-san-luong (Revenue Report)	96.00% (PNP) 95.00% (Prov)	Total packages delivered successfully (Status 410) in the month.	Total Success Rate = (Total Delivered 410 / Total Month Orders) * 100%

3. Metfone Web Portal — How to Export 6 Core KPI Reports

Step-by-Step Navigation & Portal Export Guide

No.	Report Name	Web Portal URL Endpoint	Export Purpose & Filter Instructions
1	Revenue Report (Revenue & Volume)	opsexpress.metfone.com.kh/ doanh-thu-san-luong	Export daily revenue, bill volume, base fees, VAS fees, and COD. Select date range (from 14th to today) and branch code.
2	Inventory of Delivery Report (Delivery Backlog)	opsexpress.metfone.com.kh/ bao-cao-ton-giao	Export all active undelivered parcels at delivery branches (Status 306, 400, 402, 420, 430). Filter by delivery post office.
3	Inventory of Receiving Report (Receiving Backlog)	opsexpress.metfone.com.kh/ bao-cao-ton-kho	Export all items currently held at receiving hubs before dispatch (Status 110, 120, 200). Filter by receiving post office.
4	Order Status Report (Order Status Detail)	opsexpress.metfone.com.kh/ bao-cao-trang-thai-don	Primary master export containing full lifecycle status (210, 302, 306, 309, 310, 311, 401, 402, 410, 520). Main source for daily bot push.
5	Receiving KPI Report (First Mile KPI)	opsexpress.metfone.com.kh/ bao-cao-kpi-thu	Export First Mile pickup compliance times, on-time collection rates, and pickup SLA achievement per courier.
6	Delivery KPI Report (Last Mile KPI)	opsexpress.metfone.com.kh/ bao-cao-kpi-phat	Export Last Mile delivery SLA performance, 1st broadcast success rate, 10h KPI compliance, and 410 delivery time stamps.

4. End of Day Inventory Lesson & Shift Closing Audit

Complete Step-by-Step Protocol to Reconcile
Physical Stock with Bot Logs

CRITICAL SHIFT-CLOSING LESSON: At the end of every operational shift (before closing), branch staff must perform a physical store inventory audit using the **Scan in Inventory feature** in the TMS Mobile App to ensure zero discrepancies between physical packages and system data.

Step	Action Name	Detailed Operational Steps	Expected Result & Verification Rule
1	Physical Store Audit	Open TMS Mobile App -> Inventory Menu -> Scan in Inventory feature. Walk through the store and physically scan every remaining package on shelves.	Generates scanned inventory list in TMS App.
2	Reconcile Stock Count	Compare total scanned items in TMS App against system stock report (Status 306 / 400). Identify any un-scanned or missing waybills.	Physical stock count = System stock count.
3	Match Bot Push Reports	Cross-check scanned inventory list against Telegram bot 'Not Assign' (Branch) and 'Delivery' tables generated for your branch.	Zero missing or un-scanned packages in bot tables.
4	Resolve Lagging Status (410)	For any physical parcel delivered but showing pending status, trigger status update to 410 or run live API sync.	Delivered parcels removed from pending list.
5	Zero-Backlog Shift Close	Verify that all remaining pending parcels have assigned driver or valid status code before ending shift.	Shift closed cleanly with 100% data audit compliance.

5. Master Executive Summary (Slides 1 to 4)

Complete Operational Consolidation of All
Targets, KPI Rules, Reports & Audit Lessons

MASTER SUMMARY OVERVIEW: Consolidation of all core operational takeaways from Slides 1 to 4 for executive review.

Slide Module	Core Executive Takeaways & Rules	Key Performance Indicator (KPI) Target
Slide 1: August Quality Targets	- First Mile SLA: PNP 3h, Kandal 4h, Provinces 4.5h. - Last Mile SLA: 10h for all 25 branches nationwide. - Minimum On-time Pickup Rate: 98.00%.	First Mile: 4.42h Avg Last Mile: 10.00h SLA Pickup Rate: 98.00%
Slide 2: Simple 3-Step KPI Rules	- Status 306 = Package Arrived at Branch (Timer Starts!). - Status 400 / 401 = Driver Assigned (Must complete within 10h!). - Status 410 = Delivered Successfully (Order complete!).	1st Update Rate: 90% / 85% 10-Hour SLA Compliance
Slide 3: Web Portal 6 Reports	- Access opsexpress.metfone.com.kh endpoints. - Export Revenue, Inventory of Delivery, Inventory of Receiving, Order Status, Receiving KPI, and Delivery KPI reports. - Date filter rule: From 14th to today.	6 Endpoints Verified Full Data Sync
Slide 4: Shift Closing Audit	- Scan Inventory Stock in App. - Reconcile System Stock (306/400). - Confirm Update Status (success or not success).	0 Backlog Items 100% Audit Compliance
